

David Ferryman

Senior Vice President, Pueblo Business Unit
EVRAZ North America

David Ferryman was named Senior Vice President, Pueblo Business Unit, in May 2021. In this role, Ferryman leads all Pueblo operations and organizational function responsibilities, including safety, continuous improvement and employee engagement.

Previously, Ferryman served as vice president, commercial & technology, leading the EVRAZ North America long products group commercial and product development teams in Pueblo.

Prior to joining EVRAZ North America in 2018, David served for 12 years as the vice president of engineering at CN railway, Canada's largest freight railroad. His railroad career started in 1989 as an engineering intern at what is now BNSF Railway.

A licensed Professional Engineer, he holds a Bachelor of Science in civil engineering from Colorado State University and a Master of Business Administration from the Kellogg School of Management at Northwestern University.

About EVRAZ

EVRAZ North America (the "Company") is a wholly owned subsidiary of EVRAZ plc, one of the largest vertically integrated steel and mining businesses in the world. The Company is a leading North American producer of engineered steel products for rail, energy and industrial end markets. The Company has six production sites located in the USA (Portland, Oregon; Pueblo, Colorado) and Canada (Regina, Saskatchewan; Calgary, Camrose and Red Deer, Alberta).
