

# QUALITY *Policy*

It is the policy and commitment of Evraz Inc. NA to:

*Provide products and services that consistently satisfy our customers' total expectations.*

At various levels of management, quality objectives and the need for continual improvement of our quality systems are discussed, documented and conveyed to appropriate departments.

To achieve quality objectives, various quality assurance programs have been implemented at Evraz's North American operations.

All employees are familiarized with quality awareness to ensure that this quality policy is understood, implemented and maintained.
